

### Bushcraft Programmes

The UK training side of **Wilderness Expertise** is a **non-profit making** organisation dedicated to the personal development of young people. We have purposely remained specialised as a company so that we can maintain strong relationships with our clients and guarantee high quality programmes.

<b>Aim:</b>	These courses are designed to bring learning to life. The programmes use a number survival stories to illustrate and study key life skills such as leadership, teamwork, problem solving, flexibility, self esteem and respect for the environment. While bringing the stories and learning to life, bushcraft training also acts as an excellent tool for learning in itself.
<b>Activity Description:</b>	The programmes will include brief lectures, video clips, group discussions and reviews, with physical tasks outside to include shelter building, fire making and cooking food.
<b>Number of days:</b>	1 or 2 days.
<b>Venue:</b>	Either at the client's premises (if there is a suitable woodland for the bushcraft) or offsite at a suitable venue such as a local campsite or woodland. All venues are visited and assessed for suitability before the course with all venue and activity risk assessments completed.
<b>Role of Liaison Teacher:</b>	To provide support and pastoral care of the students during the programme and provide transport for the students if required.
<b>What does Wilderness Expertise provide?</b>	<ul style="list-style-type: none"><li>➤ Fully qualified and experienced trainers.</li><li>➤ All specialist equipment.</li><li>➤ Pre-course information and all risk assessments for activities.</li><li>➤ Venue fees (if applicable)</li><li>➤ 24hr back up support.</li><li>➤ Liability insurance.</li><li>➤ AALA license.</li></ul>
