

WILDERNESS EXPERTISE

UK Programme Course Enquiry form

The UK training side of Wilderness Expertise is a **non-profit making** organisation dedicated to the personal development of young people.

What we offer:

Leadership and Team working

Programmes designed to be fun as well as to provide learning opportunities developing vital life skills such as team work, leadership, communication, accepting responsibility and problem solving.

Prefect Training

A leadership training programme designed to equip the students with the skills necessary to be effective prefects at your school. Topics covered can include leadership, conflict resolution, stress management, how to be a role model and public speaking.

6th form leadership training

These are sophisticated adult level training days designed for 6th form groups to equip them with the skills necessary to be effective role models within the school and to prepare them for when they leave school.

Duke of Edinburgh's award support

As an Award Access Provider, we can offer a flexible support package to help you deliver the Award within your school. This can be from delivering the whole programme to providing support for the practice and assessed expedition journeys.

Activity residentials

The multi-day team building activity residential focuses on empowering the students to take control and responsibility of their programme. With close support of the trainers this is an excellent opportunity for the students to discover their new found skills and strengths.

Bushcraft programmes

These are leadership or team building programmes that are brought to life through the medium of bushcraft. The programmes are based on a number of fascinating survival stories that are analysed and learning outcomes applied to the young peoples lives.

International Baccalaureate CAS support

With our extensive expertise providing support for a number of community service programmes we are delighted to offer support for the CAS element of the diploma.
